Title: Instructional Design

Date, Time, Location: 7 Mar 8:30 am – 12:00 pm, SDC - 2102

Presenter:

E. William Clymer
AGBH-A295
Office of the Vice President/Dean
Program Coordinator/PEN
585-475-6894 (V/TTY)
ewcnep@rit.edu

Description: This presentation will provide an introduction to a model of Instructional Design utilized at NTID. The ASSURE model of instructional design incorporates analysis, planning, production and evaluation techniques to insure the effectiveness of teaching strategies and materials.

The ASSURE model of Instructional Design has been taught to graduate students in the deaf education program at NTID, entitled the Master of Science Program in Secondary Education of Students who are Deaf or Hard of Hearing (MSSE). At the conclusion of the presentation, participants will be given the opportunity to explore the online resources related this graduate course.

This model of Instructional Design is suggested as a process that workshop participants could employ as they plan and implement their individual projects.
